Rocket League Checklist:

Gamers can access all content online without the assistance of parents/guardians. I only ask that parents/guardians send me scores! If Monday night does not work, you can send me Mondays score after Thursday's games. Send to Kyle.Bohonowicz@oldsaybrookct.gov

Here is what gamers will need to do:

1) Go to www.oldsaybrookrec.com
2) Click "Program" tab
3) Under "Online Virtual Programs", click on E-Sports League
4) This program page has custom schedule where players can look to see who they are playing. That way when Monday & Thursday come, they will be ready!

Once gamers know who they are playing, follow these instructions below on game day:

1) Before your scheduled game, it may be wise to check to make sure your counsel does not need any updates including Rocket League itself. This may delay start times if updates are needed.
2) Homepage: ALL players go down to settings, under gameplay, make sure Cross-Platform play is enabled
3) Homepage: Click play, custom games, private match

5) If you are the AWAY team, you will be joining the match:
   Homepage: Click play, custom games, private match, Join private match

A) Name: Home Team Epic ID (your opponent)
