# Learning Objective

## BRAVE CREATIVE LEADERS

### Mission Statement

**Create brave, creative leaders for life through the game of soccer.**

Each month we focus on a specific learning objective to help us fulfill our mission statement. We weave the objective into our adventures in a fun and subtle way. This month we are focusing on:

### LEARNING NEW THINGS (BRAVERY)

It is not always easy to try something new. It can be scary to try a new skill or movement. It can be scary to learn something new too. This month we make trying new things fun and celebrate the success we have when we do.

## Classes for the month of:

### January

Every week we take the kids on a new adventure. These adventures allow us to teach our learning objective and soccer skills in a fun and age-appropriate manner. The adventures this month are:

- **Winter Fun** - in this adventure, we go skating, build a snow fort and have a snowball fight.
- **Winter Olympics** - in this adventure, we go downhill skiing, ski through moguls, go bobsledding, go figure skating and speed skating, and have another snowball fight. Everyone gets medals at each event.
- **Ant Adventure** - Bob the Bobcat turns into Bob the ant-cat and the kids have to help him gather supplies for the anthill since it is his first time.
- **New Foods Adventure** - we travel around the world and try new foods - Bird's Nest Soup from Asia; Jambalaya from Louisiana; Bubble and Squeak from England. We end with ice cream for dessert.
