

Nature Talks

Patricia Laudano, Master Wildlife Conservationist for CTDEEP

Fishers - Tuesday, February 10th

They are not fish eaters, nor are they a member of the cat family...so what are they? Discover more about one of CT's smaller predators that is here to stay.

The American Beaver - Tuesday, March 10th

This native mammal is an important part of our ecosystems; however, it is considered a nuisance by many. Join us to learn about the facts.

Time: 4:00 - 5:00pm

Location: Vicki Duffy Pavilion

Fee: \$5.00
